

## Video/TV Crew Guidelines

You must abide by the following rules while shooting at the Ford Theatres. Following these guidelines assures that our patrons' enjoyment of the performance will not be disturbed and that all Fire Marshal and safety rules are being met

- WEAR YOUR WRISTBAND AT ALL TIMES
  
- SHOOT ONLY FROM THE FOLLOWING LOCATIONS:
  1. In the tech well (Level 5)
  2. In the tech booth—with window open—for 15 minutes maximum (no audio permitted) (Level 7)
  3. On top of the house right wall near the house right tower, behind the painted gray area (Level 5). No getting up and down during the performance. There is room for two cameras in this location. Both the camera and camera operator in this position need to be attached to a point on the hillside (the camera operator in a full body harness with fall arrest).
  
- NO MOVING AROUND DURING THE SHOW. YOU MAY MOVE LOCATIONS DURING INTERMISSION ONLY.
  
- DO NOT SHOOT FROM THE STAGE, BETWEEN THE FRONT ROW AND THE LIP OF THE STAGE, OR FROM THE AISLES

**If you violate any of these rules, you will be given one warning. If violations continue, you will be escorted off of the premises.**

Thank you for your cooperation!
